

DENI PAMUNGKAS

IT MANAGER

Jakarta, Indonesia | 082310717345 | email.denipamungkas@gmail.com

PROFILE SUMMARY

Experienced IT Manager and Full Stack Developer with over 5 years of expertise in mobile development, backend systems, and team leadership. Proven track record in building scalable applications for fintech, property, consular services, and dating platforms. As a freelance developer, I've also delivered tailored business solutions such as POS, inventory systems, and digital top-up platforms. Strong in managing teams, delivering timely results, and aligning tech solutions with business needs.

WORK EXPERIENCE

IT Manager Jun, 2025 – Present

PT Aplikasi Mencari Cinta Sejati

- Designed and led development of a mobile dating application.
- Managed project timelines, resources, and deliverables.
- Led team in feature planning, release cycles, and performance optimization.
